Mekonnen Kindo
Software Engineer

mekonnen.cs@gmail.com • www.linkedin.com/in/mekonnenkindo • Atlanta, GA

SUMMARY

Aspiring Software Developer with a Bachelor's degree in Computer Science. Possess a strong foundation in software development principles and practices including software design, prototyping, debugging, and testing. Demonstrated success in academic projects utilizing Java, JavaScript, HTML and CSS and seeking to apply a diverse educational background and adept analytical, technical, and programming skills to excel in an entry-level software engineering role.

EXPERIENCE

BP PETROLEUM   **May 2018 — present**
Operation Manager,   *Atlanta, GA*
- Led a team of 8 employees to achieve sales goals by implementing effective sell strategies and prioritizing 100% customer satisfaction.
- Expertly assist an average of 400 customers each day and develop creative solutions for unsatisfied customers.
- Achieved a 15% surge in sales for the fiscal year 2022, by employing strategic approaches including refined time management, optimized inventory control and prioritization of tasks.

PROJECTS

E-Commerce Web Application   **July 2024 — present**
Java, JavaScript, HTML, CSS, MySQL
- Collaborated with a team of engineers to construct a robust e-commerce platform, enhancing shopping experiences for users.
- Optimized the front-end application using HTML, CSS and JavaScript, improving load times and boosting user retention.
- Engineered the backend with Spring Boot, and MySql, enhancing server efficiency and reducing bug rates.
- Integrated a shopping cart feature with product and order management, employing RESTful APIs for front-end and back-end data communication while designing an intuitive Bootstrap and CSS interface.

Mobile App   **Sept 2023 — Dec 2023**
JavaScript, React Native, Firebase
- Developed a grocery list mobile application using HTML, CSS, and JavaScript to allow a streamlined user experience for end users.
- Implemented real-time data synchronization on the back-end system using React Native and Firebase, resulting in a more streamlined user experience and fewer bug reports.
- Optimized code and data handling techniques, improving page load times and overall application performance.

EDUCATION

Master of Science in Software Engineering   **Expected May 2026**
Kennesaw State University   *Kennesaw, GA*

Bachelor of Science in Computer Science   **2019-2023**
Kennesaw State University   *Kennesaw, GA*

Associate of Applied Science in computer programming   **2013-2016**
Atlanta Technical College   *Atlanta, GA*

CERTIFICATE

AWS Certified Cloud Practitioner (CCP)   **August 2024**
AWS Training and Certification   *Atlanta, GA*

SKILLS

PROFESSIONAL SKILLS	communication, collaboration, critical thinking, problem-solving, time management, Teamwork
TECHNICAL SKILLS	programming languages, data structures and algorithms, databases, testing, source control
CLOUD	AWS (EC2, S3, CloudFront)
